7 TELL-TALE SIGNS

# YOU NEED AN ACCREDITATION PLATFORM

1) OVERWHELMED BY DATA COMING FROM MULTIPLE RESOURCES

You've been overwhelmed by the amount of data coming from multiple resources - *the countless emails, spreadsheets and other documents you receive...*
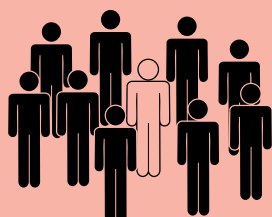

2) NOT SURE THE RIGHT PEOPLE ARE IN THE RIGHT PLACE

You don't have total control over who is in your venue and you worry that your event is vulnerable to security breach.

3) DON'T KNOW WHO IS IN YOUR VENUE AT ANY TIME AND CAN'T MANAGE CAPACITIES

You don't know who's in your venue when you need to know the most and you can't report if something is wrong.

4) SENSITIVE INFORMATION AND PERSONAL DATA LEAKS

... when you don't have the processes in place to handle your data and are not keeping up with the best practices.
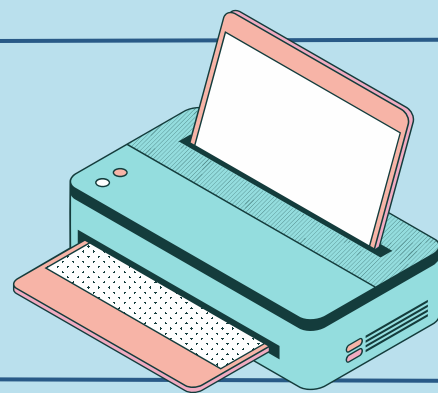

5) YOU'RE SHORT STAFFED BUT HAVE A LOT TO DO

You are facing staff shortages but have to handle labour-intensive tasks for your venue / event to be secure.

6) PRINTING INNUMERABLE EVENT DAY PASSES

Because you don't know who will be working in your venue on event day.

7) YOU HAVE POORLY DESIGNED BADGES AND NEED A 3RD PARTY FOR PRINTING

FAKE

You're not in control of your processes and your badges are being forged.

Accredit Solutions' innovative and powerful platform is changing **the way people work** and how events and venues **ensure their security** globally.
One system - from data in, badges out, and **everything in between**, the Accredit platform gives you control of the full process in one application.

Work smarter with Accredit.
